

INDIAN RAILWAY STUDY GROUP DATASHEET

BIBLIOGRAPHY

The above list has been compiled from the Bibliography in J.N. Westwood's 'Railways of India', with additional information supplied by A. Crollie, G.C. Lewthwaite, K.J. Walker & K. White. Criteria for listing is that the book should have a significant amount about 'Indian' railways.

Details of other titles are sought. Another Datasheet will be composed for various Government Reports. Help is required with this as well!
